

ABOUT US

"With so much uncertainty in the world, both locally and globally, a more self-sufficient energy option is being sought – one that is greener and creates greater energy independence"

Mark Millar, CEO

Puredrive Energy Ltd is a British company that designs, develops, builds and distributes its own products to a broad spectrum of clients. With UK assembly of its products, it is ideally placed to exploit its clearly established supply chain to maximum effect. Making delivery and distribution, in volume, to its UK market-place speedy and simple. Puredrive Energy is approved in many industry directories as being a great business to work with.
